## Description

---

### Grant Notes

American Express does not actively solicit applications for grants and new partnerships. However, we remain interested in learning about new organizations doing good work across our priority issues and in deepening our engagement with eligible existing partners. Each year between November and January, we will review information submitted through our online form by non-profit organizations and may approach or seek further information from organizations that align with our priorities.

---

### Grant Priorities

Programs that provide skills and pathways to prepare youth (ages 13 to 30) for long-term success and the future of work, including the green economy, digital futures, and STEAM fields such as science, technology, engineering, the arts and mathematics; Advocacy to support education and workforce development in underrepresented communities; Support for underrepresented and economically vulnerable small business owners and entrepreneurs through our "Backing Small" initiative, including grants, mentoring support, and technical assistance through established community partnerships; Financial literacy education, training, and mentoring for underrepresented individuals and families to build financial awareness, fiscal acumen and success, including at school age grades 5-12, during higher education, or when individuals are entering/re-entering the workforce; Advance climate innovation and solutions, particularly in urban areas

---
